

Innovating Pedagogy workshop

September 12, 2016

Room 108, IAE Lyon School of Management Building
6 Cours Albert Thomas, 69008 Lyon, France

Workshop Goals:

1. Share insights from researchers based in different countries about the three key Innovating Pedagogy and Cyberlearning themes.
2. Articulate high priority unanswered questions and issues that should be addressed in future research and development in order to advance key themes.
3. Stimulate international collaborations on these questions and issues.

TIME	AGENDA TOPIC
